

## **Theme: Strategies for Kids with Different Learning Styles**

Title: Cater Students in Weak

Target: Primary teachers

Abstract of the Movie:

Teacher of HHCKLA Buddhist Wong Cho Sum School would break down the learning content into small pieces and extend the learning duration to help the weaker students. Teachers would also design differentiated worksheets to cater students in diversities. Teachers would adopt visual aids to attract students' interests in e-teaching. Students would also repeat their learning in their steps in learning via e-learning materials.

Advices for the Post-movie Activities

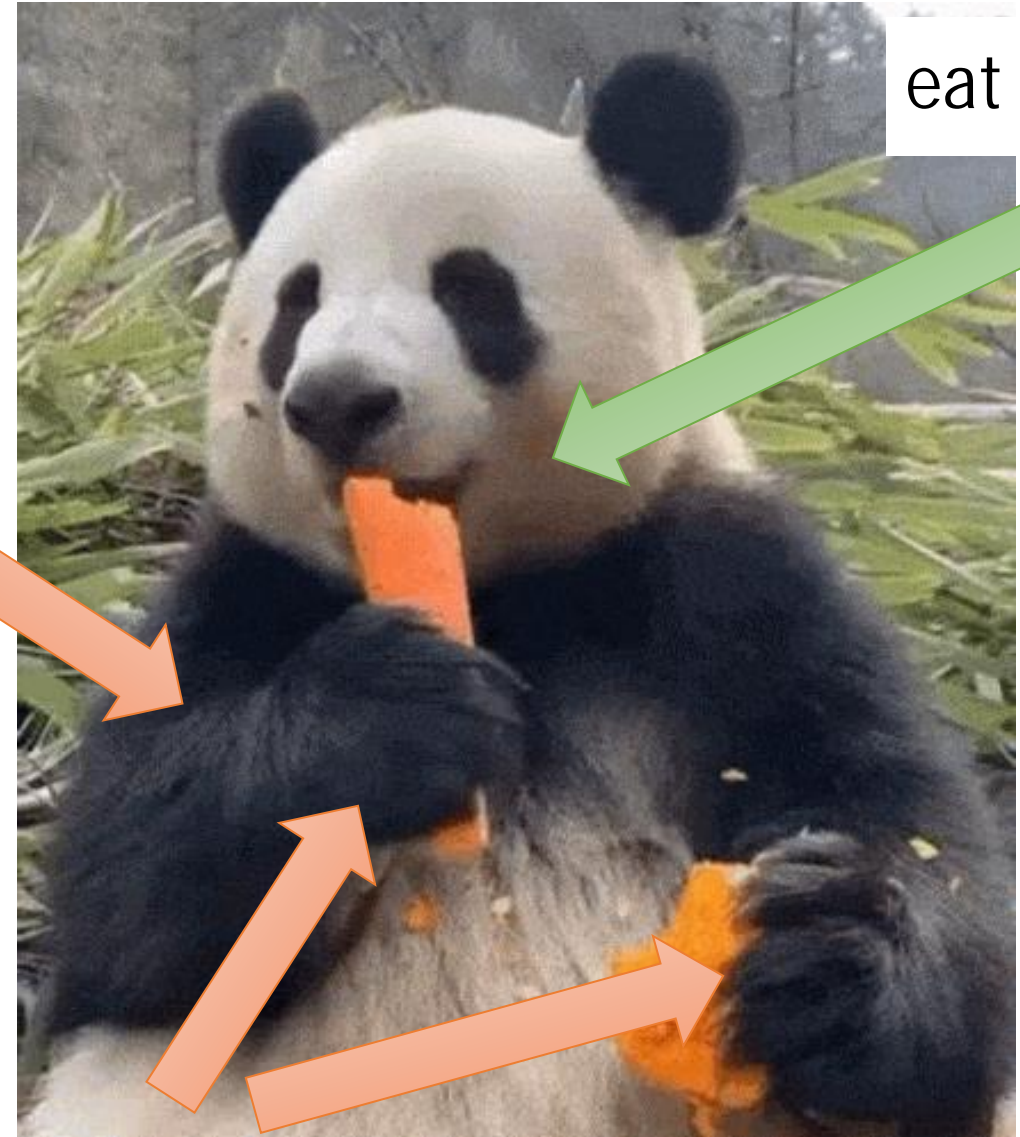

The attachment demonstrated the following strategies to cater students with diverse learning needs:

1. E-teaching to increase the visual aids
