

## **Title: School Base Phonics Curriculum**

(Phonics: Able to read once see and able to write once listen)

Target: Primary Teachers / Parents

### **Abstract of the Video:**

Dr. TANG Mei-sin, Louisa of Tsuen Wan Trade Association Primary School, designed a phonic curriculum in 18 levels for kindergarten or primary students. The curriculum consists of a pre-test to evaluate students in level 1. Dr. TANG explained the rationale and skills of the curriculum design including systematic learning starting from simple to difficult. She also briefly introduced the division of each level. Dr. TANG stressed the aim of phonics learning was to train students to be able to read once see and able to write once listen.

### **Advice for the Post-video Activities:**

Please refer to the explanation of Dr. TANG and the following online movies to learn Phonics together with your children.

1. Letter Sounds
